*All dates are available in our Online-Kalender on the **DSKL website**.*

Dear Parents and Teachers, dear Students,

It is really good to experience the school opening and we all enjoy the lively atmosphere at the DSKL. Thanks to all who are so exemplary in following the SOPs, thus supporting safety in the school day and a continuation of the school opening. Keep it up!

During the last weeks of school, many important things were taken care of. On Wednesday, the pedagogical class conferences took place and on Friday, the students received their first performance report of this school year. These and many other things can be addressed at tomorrow's parent-teacher conferences. We welcome you to the online one-on-one meetings with the teachers and would also like to take this opportunity to point out the general consultation hours of our teachers. The exact schedule of consultation hours for all teachers can be found on our website. Please make appointments by e-mail with the teachers directly.

After the Deepavali celebration in the kindergarten, our youngest students from kindergarten, pre-school and grades 1 - 2 celebrated the St. Martin's Day together on the school grounds on Thursday. On this occasion, the preschoolers performed the St. Martin story, a really great performance! The dance of the primary school children was a pleasure to watch. Afterwards, the self-made lanterns were used in a procession through the school grounds. And of course, the St. Martin's pretzels, which traditionally belong to this celebration, were not missing. Two really successful events that helped to make our school life a bit more colorful. A report and some photos of the St. Martin's Day celebration can be found on our website under this [link](#).

Life at the DSKL continues with further events: Dr. Krivanek from the German Embassy will visit our kindergarten on Wednesday as part of the German Reading Day. He will read stories from different children's books to our youngest students. We are looking forward to this special day and to welcome Dr. Krivanek! There are also other activities planned in the kindergarten and elementary school before the Christmas holidays, we will inform you about the details in due course. Unfortunately, due to the SOPs, there is no Christmas concert for the school community this year, we appreciate your understanding.

At this point we would like to draw your attention to the Christmas bazaar of the GSSKL, which will take place online again this year. There are very nice gift ideas and many things to order. You will find all details about the offers within this "Christmas Charity Bazaar" in the flyer attached.

Reminder of the school library

Unfortunately, borrowed media from our library are often not returned on time. Currently, the return deadline has been exceeded by several weeks for some students. Therefore, our library team urgently asks you to return the borrowed books as soon as possible to give other students the chance to borrow them as well and of course not to increase the overdue fines any further.

Request for information after receipt of Covid-19 vaccination

Once again, we would like to ask you, if you have not already done so, to send us a screenshot of the vaccination certificate from the MySejahtera app after your child's vaccination is complete. As mentioned above, we need to forward the information about the vaccination status of employees and students to the relevant authorities. Thank you for your understanding and cooperation in this matter.

At last an important request: at the moment, children with common cold symptoms are often noticed at school. I urge you to keep your children home if they are not feeling well. Please react with extra caution during this time. If necessary, see a doctor if your child shows for symptoms such as fever, cough, runny nose, and disturbances in the sense of smell or taste. If in doubt, arrange for your child to take a Covid 19 test. Thank you for your cooperation in this important matter.

With best regards and stay confident

Konrad Menne, Principal
