THEATRE PLAYS

**2 AWARDS AS EXCELLENT GERMAN SCHOOL
ABROAD.**

Nice to meet you!

THE DSKL-DEUTSCHE SCHULE KUALA LUMPUR

The German School Kuala Lumpur (DSKL) is a German School Abroad in Malaysia, which is subsidied by the "Zentralstelle für das Auslandsschulwesen" (ZfA/ The Central Agency for German Schools Abroad) and operated by the German School Association Malaysia (DSM).

The primary goal of DSKL is to provide its students with a high quality education based on the German education system leading to the German university entrance qualification "Abitur" (Deutsches Internationales Abitur). Apart from focusing on academic excellence, we provide opportunities for our students to engage in intercultural experiences by familiarizing themselves with the history, culture and everyday life of our host country Malaysia.

Children of all nationalities with adequate German language proficiency can become a student at the DSKL from Kindergarten onwards. In addition we offer children whose families do not live in the region of Kuala Lumpur the option to stay at our supervised accommodation in Petaling Jaya.

We not only teach
knowledge but **Values**

OUR VALUES

Sustainability

We have not only been leaving a lasting impression for over 40 years, we live sustainability!

We are very proud of our local long-term employees, appreciation of our staff, but also of projects concerning sustainability and environmental protection!

We have a teachers' initiative on the subject of sustainability and also a student society. Our students are up to date on this topic and determined that they want to live as plastic-free and environmentally conscious as possible!

Even field trips to the Recycling Centre are popular!

Quality

We offer quality education - made in Germany, but with sunshine and palm trees!

The repeated award as an excellent German school abroad from "Zentralstelle für das Auslandsschulwesen" (ZfA / the Central Agency for Schools Abroad) in combination with internal trainings, structured Pedagogical Quality

Management (PQM), a well-equipped German Library shows no effort is too great for us to guarantee our students the best possible education in Malaysia.

Health

Wealth is good, satisfaction is better, health is everything!

One of our strong values is health. That is why we offer a big variety of sports, educate about a healthy diet and offer nourishing lunch options.

Intercultural learning

We do not know foreign cultures! We only know intercultural exchange and learning from and with each other!

With many multicultural families, 13 nationalities, bilingual subjects, excursions to Cambodia, Singapore or Japan, we are at the forefront of intercultural exchange and prepare our students for an international career.

Creativity

Imagination is more important than knowledge, because knowledge is limited!

We provide the opportunity to our students to participate in annual events such as the Evening of the Arts or to publish stories in the magazine KL Post or our yearbook. We also let students show their creativity in our student bands, orchestra, the school theatre club and various art competitions. Our students love these activities and the results make our school life so colourful and lively.

Progress

The only constant in life is change!

Whether iPad, online teaching, interactive digital whiteboards, air filters, or constant and timely adjustments - we keep up!

Progress means for us to be up to date with our marketing and management.

We would like to offer our website and e-mail signatures as a marketing channel for our partners.

Community

We are family!

With small classes averaging 16 students and a very cozy and private campus, students feel right at home.

Lunch is served in the open-air canteen and our students love to socialise with each other on campus. As a small school we value our relationship with the German embassy, the German-speaking community Kuala Lumpur, the MGCC (Malaysian German Chamber of Commerce) and partner companies a lot.

Cooperation opportunities

CSR (CORPORATE SOCIAL RESPONSIBILITY)

Scholarships for guest students
Scholarships/support for families with financial challenges
Donations for environmental initiative

PARTNER SCHOOL

You would like to attract/retain more German expats to Malaysia?
Let's work together to make Malaysia a more attractive environment for
German speaking expats with children.
