### Student Council

Updates from the student council will come as soon as the student council has formed. We will report activities and important information here.

Board of Directors

## News about the move to LFKL

*Despite the summer holidays, our LFKL project continued to run at full speed in the background. We have taken a big step forward in the last few weeks: The "European Campus Cooperation Agreement" (ECCA), which lays down the administrative details for the cooperation between the two schools, will be signed at the beginning of September. In the meantime, all documents for the official approval of the renovation work in the Schengen building have also been completed, so that we were able to submit the applications on Thursday, 24. August 2023 and thus the work will start promptly. We are still awaiting feedback from the Ministry of Education. We will keep you informed!*
